

Chenega Integrated Systems, LLC, as a member of Multimax Inc's team, is proud to announce it was selected to support the Information Technology Enterprise Solutions-2 Services (ITES-2S) contract (total value at \$20 billion) awarded through Army Contracting Agency's Information Technology, E-Commerce (ITEC) and administered by Army Small Computer Program (ASCP). ITES-2S is a no transaction fee contract vehicle for users.

Services under ITES-2S include business process re-engineering, information systems security, information assurance, IT services, network support, systems operations and maintenance, program management, enterprise design, integration and consolidation, and education and training.

The Army, Defense Department and other federal agencies are authorized to order off ITES-2S by issuing individual task orders.
